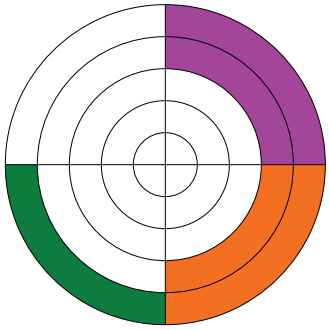
CORECLARITY



1 Competition

- Consciously escalate performance standards in pursuit of personal and team excellence
- Instinctively know the odds of success; focus time and energy productively
- Love to win; mobilize self and others by keeping score
- Gain the advantage by capitalizing on all available talents and strengths
- May need to redefine what winning means to avoid damaging personal relationships

Natural Winner

2 Significance

- Tirelessly pursue personal excellence - work is a way of life
- Focused on making an impact on the world and leaving a lasting legacy
- Independent spirit who wants to be heard, known and valued for unique contributions
- Energized by autonomy, achievements and affirmations
- Need to foster a support network of personal advocates

Naturally Outstanding

3 Activator

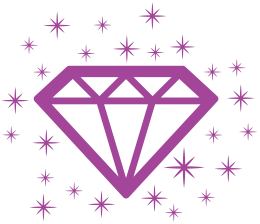
- Fearless at taking the first step, even in the face of uncertainty
- Rapidly create momentum by turning ideas into immediate action
- Impatient with inaction; know that goal begins with GO!
- The ultimate self-starter; internally energized by opportunity to do something -- *anything*
- May need to slow down and consult other talents before forging ahead

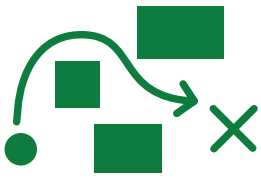
Naturally Eager

4 Maximizer

- Relentlessly pursue excellence; focused on taking good to great
- Masterfully mobilize others to challenge limitations and turn talents into strengths
- Strive to get the most out of every opportunity, every interaction, every moment
- Recognize raw potential and refuse to accept anything less than the best
- Need to learn when to find GEMO - "Good Enough, Move On"

Naturally Excellent





5 Strategic

- Masterfully craft elegant solutions for complex problems
- Split second processing considers alternatives and discards fruitless/inferior options
- "Big picture" thinker who always starts with the end in mind
- Effectively chart multiple paths to a known destination
- Need to carefully communicate when sharing with those without similar level of clarity

Naturally Sharp
